We look forward to celebrating your child's learning journey at parent's evening next week. These meetings will supplement our ongoing communications regarding their progress and next steps. Our academic enrichment in the Prep department continues to challenge the children and we are delighted at the success of this new initiative.

Nursery & Pre-School

This week the Nursery and Pre-School have been learning all about Diwali and the Festival of Lights. After engaging in the story about Rama and Sita, the children enjoyed making their own Rangoli patterns using coloured sand, we discussed the different colours, shapes and symmetry.

Form V and VI are thoroughly enjoying their new enrichment sessions for this half term. The groups include; electrical engineering, bridge building and verbal wrangling. As the photograph's show, one challenge has been to design and build a lighthouse with a working light using any materials of their choice. This week's verbal wrangling topic has been based on 'It would be good to be famous.'
